OUR AIM is to provide meaningful help that is life-transforming. We are dedicated to helping you work through issues and problems as effectively as possible. Our skilled and educated counsellors/coach are equipped to respond to your needs in a professional manner. The collaborative environment among our team of counsellors/coach adds value to the services we provide. Successful counselling also requires that the client be dedicated to openness and honesty

CONFIDENTIALITY:

All communication between you and the counsellor/coach is held in strict confidence and will not be released to anyone without your written consent. The limit to confidentiality includes (a) legal requirement to report circumstances wherein a client states an intention to harm self or others, (b) in cases of child abuse. Also, in order to provide you with the best possible care your counsellor/coach may consult with others on our staff and during the course of professional supervision at Riverbend Counselling & Wellness Inc.

BENEFITS and RISKS:

The counselling/coaching process intends to provide help, such as relief from distressing symptoms, improved emotional health, new approaches to problem solving and decision making, better coping skills, more satisfying relationships, and so on. It is possible, though, that significant personal change may be a stressful and painful process and could include periods of intensified emotions such as increased awareness of your feelings, values and beliefs that could lead to making strenuous decisions and new behaviors.

SCHEDULING APPOINTMENTS:

Appointments are available during regular office hours, and some evenings. It is common to have bi-weekly sessions and each session is one hour, however we will determine a treatment plan together according to your needs – to meet more or less frequently and for longer or shorter sessions.

Intake Form

If we are unable to provide a counsellor/coach to meet with you about your particular needs in a timely fashion, we will be happy to suggest referral possibilities. We do not provide an outpatient emergency response.
